The National

Finance Symposium, 2021

MANAGING FINANCE FOR SUSTAINABLE FUTURE

13th March, 2021

About the Programme :

Managing finance is indispensable. It brings challenges along with opportunities for making the best use of available resources. Reducing the cost of finance and ensuring sufficient availability of funds are in one end of managing finance. Utilization of funds in a judicious way is the other side of managing finance. It is possible by planning, organizing and controlling of financial activities in appropriate manner. Along with, a new era of thought is vibrating to the minds of all users of finance, i.e. the “*future sustainability*”. It refers to the ability to maintain. The goal of sustainable development is to meet the needs of today, without compromising the needs of tomorrow. This means we cannot continue using current level of resources as this will not leave enough for future generations. Sustainability incorporates inter connected pillars, like- explicitly, economic, social and environmental factors. Different firms may adopt different strategies of sustainability. Thus, it is inevitable to manage finance for a continual, viable, feasible, imperishable and supportive future. This symposium aims to discuss and exhibit different modules, mantras and tricks to manage finance to have a future sustainability.

About ASBM University

ASBM University, established by Government of Odisha in 2019 as a state university, traces its legacy to Asian School of Business Management, which was founded in 2006 by well known management guru Prof. Biswajeet Pattanayak, former Professor of IIM Lucknow & Indore. The fact that a standalone B School has been granted university status by the state government within fourteen years of its existence speaks volumes about its quality parameters and performance. In fact, its quest for excellence has resulted in ASBM being awarded international accreditation by Accreditation Council for Business Schools and Programs (ACBSP), USA for its MBA Programme. ASBM University offers cutting edge programmes under its School of Business, School of Accountancy, School of

Communication and School of Information Systems. Besides playing a pivotal role in providing value based management education with an industry driven curriculum, ASBM University is also committed to research and development. To realise its vision to set the best standards for management education and business leadership, ASBM has entered into coveted MoU with internationally reckoned centres of learning like University of Nonttingham Malaysia, Metropolitan State University (MSU), California State University, San Bernardino (CSUSB), Westcliff University, North Carolina Central University (NCCU), St. Cloud State University – all from USA, Universidad Argentina de la Empresa (UADE), Argentina and Management Development Institute of Singapore (MDIS), Singapore.
