Excerpts from the convocation address of H.E. Shri Ram Nath Kovind, Hon'ble 14th President of India

ASBM was established in 2006 in this green lap of nature. I am told it was built in record time of 180 days. Such records are bound to be translated into academic excellence which ASBM is providing. The outstanding track record of ASBM ushered for it the 'University Status' in 2019 by the Government of Odisha. The true "sunrise in management education" had just begun.

The ASBM legacy of excellence and innovation in education and research continues unabated. I am happy to know that the University is engaged in imparting futuristic and holistic education at par with international standards with the objective of preparing our youth to face global competition and to participate in shaping India into a world leader.

It is very important to dream high and secure your goals in life. I am very impressed by the founder of ASBM, Prof. Biswajeet Pattanayak who fulfilled the true purpose of life. First, he established this University and set the road for imparting education to the young minds of our country. By doing so, he has changed the future of thousands of not just individuals, but even their families. This is how a nation is made by contributing in the building process. He has fulfilled his duty towards the society and the country at large.

Prof. (Dr) Biswajeet Pattanayak

**Formerly Distinguished Professor
IIM, Indore, Lucknow & Mumbai**

Founder & President, ASBM University

The Legacy of Excellence and Innovation

For most seagulls, life consists simply of eating and surviving. Flying is just a means of finding food. However, Jonathan Livingston Seagull is no ordinary bird. For him, flying is life itself. Against the conventions of the seagull society, he seeks to find higher purpose and become the best at doing what he loves.

'Jonathan Livingston Seagull' by Richard Bach is a fable about the importance of making the most of our life, even if our goals run contrary to the norms of the society. Through the metaphor of flight, Jonathan's story shows that if we follow our dreams, we too can soar.

This story by Richard Bach has inspired many and Prof. Biswajeet Pattanayak is no exception. In fact ASBM University, and its earlier form - Asian School of Business Management - owe their existence to the profound impact that Bach had on him.

An internationally known expert in the domain of Human Resource Management, Lagaan Famed an, a widely acclaimed management Guru, Prof. Biswajeet Pattanayak had an exceptionally enriching career with remarkable achievements, including becoming a full Professor in Indian Institute of Management (IIM) at the very young age of 35. He went on to adorn the position of Director of the Reserve Bank of India run Indian Institute of Bank Management at the age 37, a rare distinction again. In an exceptional manner, Prof. Pattanayak combines all the qualities of a management educator, wonderful teacher, an excellent trainer, a consultant to industry, a prolific writer and an accomplished researcher. These attributes of the Founder Leader have shaped the culture of the organization that he envisioned.

Leaving aside the coveted positions that he had occupied, Prof. Pattanayak preferred to return to home state Odisha to pursue his dream of creating an IIM out of a private business school to provide an affordable platform to meritorious students across the

country, and outside as well, interested in pursuing a career in management. That is how Asian School of Business Management was established in the 2006 in the very lap of nature in a green campus close to Chandaka Wildlife Sanctuary at Bhubaneswar, the capital city of Odisha. It was built in a record time of 180 days and was inaugurated by the Hon'ble Vice President of India, His Excellency Shri Bhairon Singh Shekhawat with the words, "a new sunrise in management education". His Excellency Shri Rameswar Thakur, Hon'ble Governor of Odisha and Shri Naveen Patnaik, Hon'ble Chief Minister of Odisha had also graced the occasion.

Asian School of Business Management was highlighted in the October, 2006 special B School issue of Business India as, 'a world-class business school modelled after the best IIMs set up in 180 days'. Over the years, it has been recognized as a front-ranking business school for its outstanding achievements and its unique industry-linked sectoral-focused programmes.

ASBM received international recognition through accreditation by the Accreditation Council for Business Schools and Programs (ACBSP), USA and also by the South Asian Quality Systems (SAQS). In recognition of its outstanding journey of a decade and half benchmarking quality parameters, the Government of Odisha conferred on Asian School of Business Management the 'University Status' on 26 September 2019 by the enactment of the ASBM University, Odisha Act, 2019 (Odisha Act 4 of 2019). ASBM University now carries forward the ASBM legacy of excellence and innovation in education and research, and offers cutting-edge programmes in various fields of higher education. The University is engaged in imparting futuristic and holistic education at par with international standards with the objective of preparing our youth to face global competition and to participate in shaping India to become a world leader.

Why ASBM University

RECOGNITION

ASBM University has been established by Government of Odisha as a private unitary University by the enactment of ASBM University, Odisha, Act 2019 (Odisha Act 4 of 2019). It has been included in the lists of Universities as per section 2(f) of the UGC Act 1956, and is competent to award degrees as specified by the University Grants Commission under section 22 of the UGC act.

STATE OF THE ART INFRASTRUCTURE

The University is situated in an idyllic and scenic location close to a verdant forest and the famous Chandaka wildlife sanctuary. The state of the art green residential campus, located in sylvan, serene, sublime and salubrious environment, is fully self contained with all the amenities required for a student to pursue studies meaningfully and develop a holistic personality.

GLOBAL ACCREDITATION

ASBM is the only University in Eastern India to have been awarded the prestigious ACBSP (Accreditation Council for Business Schools and Programmes, USA) Accreditation for its MBA Programme which has made it globally recognized. This accreditation has given ASBM University access to around 1,200 University campuses throughout the world for student and faculty exchange as a part of ACBSP's Global Network ACBSP Ignites a standard of excellence with an accreditation process based on Baldrige Education Criteria for performance.

MATCHLESS MENTORS

Faculty members of the university are drawn from best of industry and academia with background of institutions of national importance like IIM, IIT, NIT etc Those from academics bring with them academic rigour and conceptual lucidity, while those with industry experience bring their hands on practice to the classroom.

WORLD CLASS CURRICULUM

The curricula of all the programme are benchmarked with the best institutions and universities worldwide. These are developed with continuous input from industry, experts, practitioners and other stakeholders, ASBM has pioneered in introducing innovative cutting edge programmes.

FINISHING SCHOOL: THE CONDUIT to EMPLOYABILITY

The ASBM Finishing School, with its psychometric and language labs, takes care of holistic development of the students. Prolific extra-curricular activities, exposure to real life managerial situations, practical and situational delivery of the courses and use of information and communication technology characterize life at ASBM. Career Planning must follow a scientific approach to ensure success. ASBM strongly believes that students are to be molded and shaped through a systematic approach on the line of Finishing School concept of the West. While pursuing different programmes, students undergo competency mapping and development process to be prepared for entry to their dream career. The Finishing School in ASBM is the first of its kind in India attached to a University. Finishing School conducts power packed personality and placement Grooming Module (3PEGM) for all the students to shape them as professionals.

Unique Features

- Potential assessment through psychometric tests
- Complete grooming through mentoring and counseling
- Professional, Social and Personal etiquettes
- Effective communication through language lab training
- Resume building
- Participating in group discussion
- Facing interviews
- Managing impressions of the recruiters
- Full dress rehearsal for placement

INDUSTRY CONNECT

The Industry Connect Cell of the University facilitates avenues for industry exposure to relate theoretical learning with practice. The basic objective of organizing industry visit is to get hands-on experience on work environment, people management and overall real world functioning. Industry visit sensitizes the students to correlate the theoretical inputs shared in the classroom with the complexities involved interaction with industry stalwarts and practitioners, which is a regular phenomenon at ASBM University.

PLACEMENT

ASBM University has established its credibility through quality education backed by academic rigour with industry focused curricula and practical hands-on training on soft skills and professional etiquette through the Finishing School Modules. The Power Packed Personality & Employability Grooming Module (3PEGM), supported by learning through language lab and psychometric lab, has enhanced the employability of our students. ASBM University takes all initiatives for competency development of the students to exert high performance. ASBM from the inception has a track record of excellent placement of its MBA programme. Not only MBA, BBA students also placed in reputed companies like TCS.

About Bhubaneswar

Bhubaneswar , the capital city of Odisha , is one of the first planned cities of India and is now in the forefront of the smart city movement. Aptly called the City of Temples, it is home to a large number of temples , the more famous ones being Bharateswar & Satrugneswar (6th century AD), Parsurameswar (7th century), Rameswar & Vaital (9th century), Mukteswar (10th century), Rajarani & Brahmeswar (11th century) , and of course Lingaraj (11th century), the most renowned. Together with Puri (Jagannath temple) and Konarak (Sun temple, a world heritage site), it forms the golden triangle for tourism. The golden beaches of Puri and Konark add to the attraction. Bhubaneswar is also an acclaimed center for art and craft – appliqué work (from Pipli), handloom saree (from Sambalpur, Berhampur, Sonepur & Maniabandha), silver filigree (from Cuttack), stone carving, pata painting (from heritage village Raghurajpur), brass & bell metal work (from Kantilo & Balakati), dhokra casting, horn art, cane furniture etc. It is also home to world renowned Odissi dance and Odissi music.

The other important attractions of Bhubaneswar include Udayagiri and Khandagiri Caves, Dhauli (with its Ashokan rock edict and Buddhist monument standing witness to transformation of Ashoka, the war Monger to Ashoka, the peace keeper), Chaushathi Yogini temple (at Hirapur, one among only five in India), Nandankanan (437 hectare zoological park and botanical garden), Odisha State Museum, Odisha Modern Art Gallery, Regional Museum of Natural History, Tribal Museum, Pathani Samanta Planetarium etc.
